

Bung ThreadReducers™

Polypropylene & Stainless Steel

Safer > Easier > Quicker Equipment Mounting

Reduce 2" Bung Openings for Mounting Equipment in Drums, IBC's, Tanks

Mounting equipment into the 2" Npt fine thread or Buttress* coarse thread bung holes of drums, IBC's (totes) tanks, reservoirs, day tanks and other vessels can be time consuming, difficult and unsafe if not handled correctly.

These ThreadReducers™ offer safe, rapid economic mounting of all kinds of industrial equipment including thermometers, level gauges, pressure gauges, filters, funnels, pump pickup tubes, mixers, sampling tubes, and a wide variety of other process equipment.

*Use DRUM-MATES Buttress ThreadConverter, DM-55BCF/B6

Product Number Product Description

Polypropylene Bung Thread Reducers

DM-55BTR/2-50P	2" M-Npt > 1/2" , F-Npt, Polypropylene
DM-55BTR/2-75P	2" M-Npt > 3/4" F-Npt, Polypropylene
DM-55BTR/2-100P	2" M-Npt > 1" F-Npt, Polypropylene
DM-55BTR/2-125PP	2" M-Npt > 1 1/4" F-Npt, Polypropylene
DM-55BTR/2-150PP	2" M-Npt > 1 1/2" F-Npt, Polypropylene

316 Stainless Steel Bung Thread Reducers

DM-55BTR/2-50S6	2" M-Npt > 1/2" F-Npt, 316ss
DM-55BTR/2-75S6	2" M-Npt > 3/4" F-Npt, 316ss
DM-55BTR/2-100S6	2" M-Npt > 1.0" F-Npt, 316ss
DM-55BTR/2-125S6	2" M-Npt > 1 1/4" F-Npt, 316ss
DM-55BTR/2-105S6	2" M-Npt > 1 1/2" F-Npt, 316ss

ThreadReducers

Available in Popular Sizes:
1/2", 3/4", 1", 1 1/4", 1 1/2"

DRUM-MATES™ Bung thread reducers can also be used in plastic drums with coarse bungs. Use the DM-55BCF/B6, Buttress thread converter, in 316SS or HDPE.
