

Xtreme Duty Hand Nozzle, SS-Teflon-AL

Dispenses Aggressive & Exotic Industrial Solvents & Chemicals

DM-700HFR/AMTS Series, for Pump & Gravity Transfer

Available in 1/2", 3/4" and 1" Npt female-Base or Hose-Barb

Benefits and Features...

- ⇒ For virtually any liquids compatible with PTFE, Stainless and Aluminum
- ⇒ Helps prevent spillage and fume release during critical liquid transfer operations
- ⇒ Careful fluid control for operator and environmental safety in factory or field
- ⇒ Ergonomic pour angle with extendable, long-reach, dispensing spout
- ⇒ Simplifies liquid repack filling or bulk transfer from drums, tanks or containers

Industrial Applications: General & Heavy Duty Dispensing

- Made of, SS, PTFE, Alum. Excellent corrosion resistance to most solvents & liquids
- Hose Inlet 1" F-NPT accepts 1/2" & 3/4" male connector or hose barb
- Extra large flow passage Offers low pressure drop and reduces foaming
- Heavy body construction For extra strength & service life; built-in cable lanyard
- Removable spouts Curved in 0.930" OD or straight, 0.650" OD

Specifications

Model # DM-700HFR/AMTS Series

Materials of Construction:

Heavy-duty body: Aluminum, Internals: PTFE, 316 SS

Hose Inlet:

1/2", 3/4" and 1.0" female NPT, or hose-barb

Nozzle weight:

4.0 lbs. (1.82 Kg.)

Flow/Pressure/Temperature:

Max. 35 Psi, Max. 29 Gpm, 125°F (Up to 150°F with suitable safety heat protection gear.)

Optional Accessories

P# DM-700HFR/AMTS1-SK, Service kit, replacement PTFE seals: Part Key #, 8, 10

P# 800SEK875-12, Optional 12" extension spout, pure PTFE

P# DM-700HFR/SFA, Optional small OD spout for small container filling, 0.650" OD x 8"

P# DM-166GWK, Explosion proof grounding cable kit

1/2" or 3/4" Npt female base hose connection or hose barbs, 316 SS

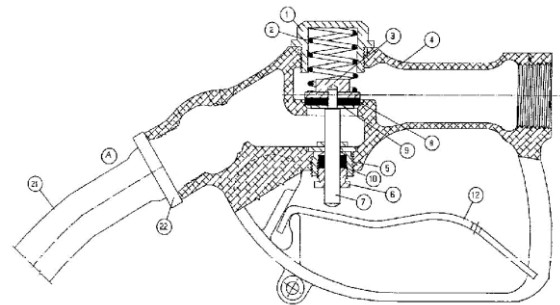

Nozzle with Spout Extension

(Other Xtreme Duty Nozzles are available in Stainless, Aluminum or Polypropylene)

Parts List

Replacement Parts

Key	Part Description
1	Cap, aluminum
2	Spring, stainless steel
3	Disc holder, stainless steel
4	Body, aluminum
5	Stuffing box, stainless steel
6	Packing nut, stainless steel
7	Trigger stem, stainless steel
8	Disc, Teflon
9	Disc washer, stainless steel
10	Packing, Teflon
12	Handle, plated steel
21	Dispensing spout
22	Jam nut
