

DRUM-MATES® Drum Mixer Air Drives

For Mixing Thin, Medium and Thick Liquids in Drums & Tanks

DM-45ADH & DM-55ADH, Hand held mixer air drives, ¾ & 1.5 Hp
 For comfortable, powerful, hand-held mixing of light to medium thickness liquids where observing the flow pattern is desirable. Ergonomic handle design and thumb operated Rpm control.

DM-45ADH/___" * ¾ Hp (Use Service Kit: Part No. DM-45ADA/SK) Unit Weight: 9 lbs.
 DM-55ADH/___" * 1½ Hp (Use Service Kit: Part No. DM-55ADA/SK) Unit Weight: 10 lbs.

***See shaft coupler ordering instruction box below.**
 Try our economical Plated Mixers for oil or solvent based liquids.
 Ask for DRUM-MATES® TQMixing™ Guidelines.

DM-45BAS & DM-55BAS, Bung mount air drives, ¾ & 1.5 Hp
 For 2" NPT bung mixing of light to heavy thickness liquids in tighthread 30 and 55 gallon drums and totes or tanks up to 1000 gallons, depending on viscosity.
 Order DM-55BCF/B/M ThreadConverters™ for coarse threaded drum bungs.

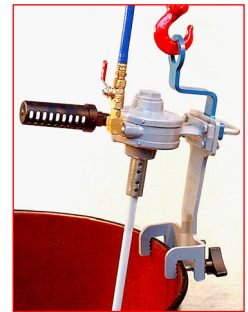

DM-45BAS/___" * ¾ Hp (Use Service Kit: DM-45ADA/SK) Unit Weight: 12 lbs.
 DM-55BAS/___" * 1½ Hp (Use Service Kit: DM-55ADA/SK) Unit Weight: 13 lbs.

DM-45RAS & DM-55RAS, Drum & tank rim mount air drives, ¾ & 1.5 Hp
 Hand clamps on open 5 - 500 gallon drums, vats, tanks, or reservoirs. Fits up to 1.0" (25 mm) rim width. Shaft is angled toward drum center for best mix pattern. **WARNING! Splash Out!** This mixer is so powerful that shaft speed must be monitored to ensure liquids are controlled inside the container.

DM-45RAS/___" * ¾ Hp (Use Service Kit: DM-45ADA/SK) Unit Weight: 11 lbs.
 DM-55RAS/___" * 1½ Hp (Use Service Kit: DM-55ADA/SK) Unit Weight: 12 lbs.

NOTE: Rim mount drives have special clamp features for mounting onto soft or hard rim materials.

Drum Mixer Accessories

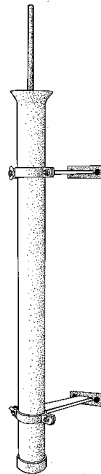

Filter Regulator, Lubricator

Lower Motor Maintenance Costs!
Code No. DM-55FRL
 Cleans, de-waters, sets pressure and oil fogs air for best motor longevity.

Rinse Tube

For cleaning and storing drum mixers

Cable Grounding Kit

Explosion Proofing for flammable conditions
Code No. DM-166GWK

Hoist Bracket

Provides safe and easy mixer transfer for drums or tanks.

Code No. DM-55MHB
Capacity: 150 lbs.
Hook ID: 1.25" dia.
Material: Plated Steel

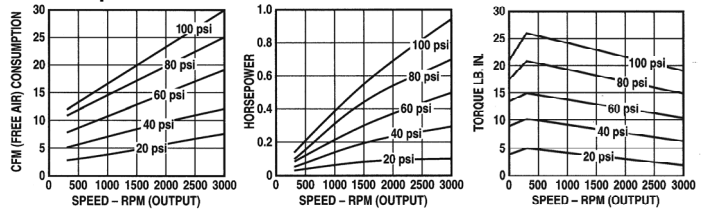

***When ordering drives, please specify**

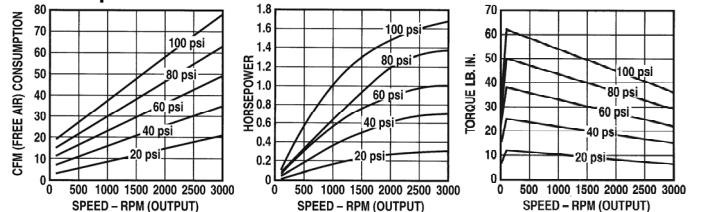

Mixer shaft size: 3/8" = 38, 1/2" = 12 or 5/8" = 58

Note: All drive units include one shaft coupler, one Rpm speed control, muffler and Allen wrench.
