

Piston Hand Pumps

For General Industrial Liquid Transfer from Pails and Drums

DM-55PHP/PP16, Self priming piston hand pump, 4, 8, 12 or 16 oz. adjustable stroke. 1/2" ID suction tube x 43" L, MOC's: high density polyethylene, polypropylene, 2" & 3/4" drum adapters for 5, 15, 30, 55 gal. drums

DM-55PHP/PVC16HD, Piston, siphoning hand pump Non-corroding, heavy duty, quick-siphon: a few strokes starts siphoning action, transfers uphill, siphons downhill, 5 ft. of PVC discharge hose, Useful for all liquids compatible with PVC including chlorines, solvents, detergents, mild acids, water, brine, fits, 15, 30 and 55 gal. drums.

DM-55PHP/PVC08HD, Heavy duty piston hand pump, 8 oz. per stroke, all PVC including piston and seal, non-corroding, PVC discharge hose 22" L, Useful for all liquids compatible with PVC including chlorines, solvents, detergents, mild acids, water, brine, 2" bung adapter, fits, 5, 15, 30 and 55 gal. drums. 5 gal. pail adapter available separately.

DM-55PHP/PVC08MP, Heavy duty piston hand pump, 8 oz. per stroke, all PVC including piston and seal, non-corroding, PVC drip resistant dispensing 4" spout, Useful for all liquids compatible with PVC including chlorines, solvents, detergents, mild acids, water, brine, 2" bung adapter, fits, 15, 30 and 55 gal. drums., 5 gal. pail adapter available separately.

DM-55PHP/SS26, Extreme Duty, Stainless Steel Hand Pump, 316 SS & Teflon internals. Ideal for any liquids compatible with 316 SS and Teflon internals including aggressive solvents, petroleum products, detergents, acids, alcohols, chemicals, corrosives, etc. Infinitely variable stroke, 2-26 oz., 1-1/2" OD x 41" length pump tube fits 2" bung hole. Pump kit Includes 2" bung adapter.
Optional Accessories: Variable stroke limit tube and Maintenance/Service Kit

DM-55PHP/PVC22MP, Heavy duty piston hand pump, 22 oz. per stroke, 3 ft. of PVC discharge hose, all PVC including piston and seal, and discharge hose 22" L, non-corroding, useful for all liquids compatible with PVC including chlorines, solvents, detergents, mild acids, water, brine, 2" bung adapter, fits, 5, 15, 30 and 55 gal. drums.

DM-55SHP/1-7, Siphon Hand Pump dispenses up to 7 Gpm, up to 4 feet high, bellows actions primer, 1" HDPE outflow hose, quick-siphon function, HDPE pick-up tube, 2" IPS thread bung adapter, Wt.1.2 lbs.

For best batch mixing Quality Control before pumping, ask for DRUM-MATES® TQMixing™ Guidelines.
NOTE: For easy "Pick 'n' Match", all mixer and pump drives and components are sold separately.
